

## 2nd Grade Summer Reading 2023

### *Why encourage a summer reading plan for your children?*

Studies suggest that children who read as few as six books over the summer maintain the level of reading skills they achieved during the preceding school year. Reading more books leads to even greater success. When children are provided with 10 to 20 self-selected children's books at the end of the regular school year, as many as 50 percent not only maintain their skills, but actually make reading gains.

Research suggests that if children have opportunities to listen to, discuss, and read books on topics that they select, or books about characters that they love, they develop extensive background knowledge that can strengthen their independent reading and sustain their engagement.

MAGIC TREE HOUSE #1

# Dinosaurs Before Dark

Your second grade summer reading assignment is Magic Tree House: Dinosaurs Before Dark by Mary Pope Osbourne.

On the first day of second grade, we would like you to bring a Bag Book Report. Your Bag Book Report should include the summer reading worksheet and three items in a paper bag (brown grocery bag, gift bag, etc.) These items should represent things from the book, Magic Tree House: Dinosaurs Before Dark by Mary Pope Osbourne. You will present your items to our class and explain why you selected them during our first week together. We will also do lots of other fun activities with this story including: making dinosaur egg snacks, creating dinosaur fossils, designing and illustrating book covers, and much more!

Have a DINO-mite summer!
